At the Republican caucus last Tuesday evening, Wm. W. Grout was elected delegate to the State Convention, and thd following resolution was adopted:

Resolved, by the Republican voters of Barton in convention assembled. That we most heartily and unreservedly en- tice, truth and honesty demand it. dorse the administration of Gen. U. S. Grant, and most cheerfully do we recommend him to our brother Republicans in this state as the only safe man for the country as its chief executive at this time. For while there is so strong an effort being made by certain disappointed and disaffected politicians to mark his administration as one of corruption, fraud and centralization of power, and self-aggrandizement, yet we, standing by the old flag under which he so gallantly fought, in justice to him and his administration, most earnestly invite your careful attention to the amount of reduction in the public debt during the past four years: to the mere nothingness of the frauds and losses upon and to the government, per-petrated and occurring during his administration, as compared with the gigantic frauds and losses upon and to the government during the administration of other bought it of a stranger for a dollar.

Grant's readiness to endorse legislation looking to reform in the civil service, to allay burdensome taxation, and the general enlightenment and welfare of the entire people. Allow us to remind you of the motives which prompt many of his prominent opponents at the present time, -selfish, envious, the snow being so deep as greatly to imanxious, revengeful and unwise from their very inception. In view of these considerations, and many others, we most earnestly hope that Gen. Grant's majority will be such as to cause all to think of and shout "Appomattox" instead of of sugar. The natural result was that a crowd of varying size was collected on the grounds from a few minutes after the downfall until a late hour last night. The rumor was found too true, and the labor of several weeks and the most difficult part of the whole great undertaking was flatened in a jiffy to a confused shapeless mass of timber and boards, over which the curious visitors clambered to see the exact extent of the damage. been placed upon the minor towers, and

the roofing laid up to the central tower

on either side. The feet of the trusses

had been drawn in powerful purchases

to the positions which they were design-

have seen the front and first section of the

Coliseum so closely connected as to insure

increased support for the remaining trus-

such as to expose it to the full force of

the gale, before which it went down.

The square of the plan was laid across

Try Weeks' Magic Compound for coughs and colds. It is superior to any other remedy.

Many suffer rather than take nauscous medicines; and this is not to be wondered at, as the remedy is often worse than the disease. Sufferers from coughs, colds, influenza, sore throat, or tendency to consumption, will find in Dr. Wistar's Balsam of Wild Cherry a remedy as agreeable to the palate as effectual in removing disease.

Vinegar Bitters are not a vite Fancy Drink, made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the native roots and herbs of California, free from all Alcoholic Stimulants. They are the Great Blood Purifier and a Life-giving Principle, a Perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition, enriching it, refreshing and invigorating both mind and body. They are easy of administration, prompt in their action, certain in their results, safe and reliable in all forms of disease.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Of repair.

Dyspepsia or Indigestion. Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. In these complaints it has no equal, and one bottle will prove a better guarantee of its merits than a lengthy advertisement.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that a marked improvement is soon perceptible.

For Inflammatory and Chronic Rheu-matism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derange-ment of the Directive Oceans.

Grateful thousands proclaim Vinegar Birters the most wonderful Invigorant that ever sustained Pin, Tape, and other Worms, lurking in

he system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist: There is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No system of Medicine, no vermifuges, no anthelminities will free the system from worms like these Ritto system of Medicine, no vernifuges, no anthelmin-ics, will free the system from worms like these Bit-Mechanical Diseases. Persons engaged in

Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, will be subject to paralysis of the Bowels. To guard against this take a dose of WALKER'S VINEGAR BITTERS once twice a week, as a Preventive. Billious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Ten-nessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Koan-Rio Grande, Pearl, Alabama, Mobile, Savannan, Koan-oke, James, and many others, with their vast tributa-ries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. There are always more or less obstructions of the liver, a weakness and irritable state of the stomach, and great torpor of the bowels, being clogged up with vitiated accumulations. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the tark-colored viscid matter with which the bowels are oaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions

of the digestive organs.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goiter, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the Blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure

the aficted parts receive health, and a permanent cure is effected.

The properties of Dr. Walker's Vinegar Bitters are Aperient. Diaphoretic and Carminative, Nutritions, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

The Aperient and mild Laxative properties of Dr. Walker's Vinegar Bitters are the best safeguard in all cases of eruptions and malignant fevers, their balsamic, healing, and soothing properties protect the humors of the fauces. Their Sedative properties allay pain in the nervous system, stomach, and bowels, either from inflammation, wind, colic, cramps, etc. Their Counter-Irritant influence extends throughout the system. Their Diuretic properties act on the Kidneys, correcting and regulating the flow of urine. Their Anti-Bilious properties stimulate the liver, in the secretion of bile, and its discharges through the biliary ducts, and are superior to all remedial agents, for the cure of Bilious Fever, Fever and Ague, etc.

Fortify the body against disease by purifying all its fluids with Vinegar Bitters. No epidemic can take hold of a system thus forearmed. The liver, the stomach, the bowels, the kidneys, and the nerves are rendered disease-proof by this great invigorant.
